

American Military Engineers 2010 Small Business Excellence in Environmental Services

The Small Business Workshop was held at the Seelbach Hilton as well this year, making it very convenient for attendees. Morning session topics included Keys to Successful A/E and Construction Contracts, Government Assistance and Opportunities, Construction Safety, as well as a Panel Discussion on Contracts and Working within the District. The Afternoon Session included Exhibits from Companies working in the District and networking among the attendees.

During the meeting, awards were presented for outstanding performance in the District:

Environmental Contractor: PARS Environmental. Ms. Kiran Gill accepted the award given for the firm's work expediting the voluntary remediation of a DNSC site in Marietta, PA.
